

SPONSORS OF AMENDMENT ARE VICTORIOUS

THE LEGISLATURE OF OKLAHOMA CAN MEET ON OWN CALL

**Measure is Carried by Overwhelming Vote
Tho Total Returns Not Yet in—Soldier
Bonus Measure Apparently Lost—Vote
Given on Various Propositions Submitted**

(By the Associated Press)
OKLAHOMA CITY, Okla., Oct. 3.—Returns early today (Wednesday) from yesterday's state-wide election showed that a constitutional amendment authorizing the state legislature to convene itself to consider impeachment charges against state officials had been carried by a tremendous majority, despite a proclamation issued by Governor J. C. Walton that no election should be held.

A \$30,000,000 bonus measure was defeated as were also two other constitutional amendments, one authorizing the state to refund deposits lost in failures of state banks, and another providing death compensation under the state industrial laws.

Two measures that apparently carried in face of returns from approximately one-fourth of the state legalized a minimum levy of fifteen mills for every school district in the state and removed political limitations from women, making them eligible for all offices.

At midnight, with virtually half the state accounted for, the measure was maintaining fully the lead it assumed with the tabulation of first returns.

HARD SLEDDING FACES CABINET OF STRESEMANN

**Chancellor's Policy is
Not Agreeable to
All Factions**

(By the Associated Press)
BERLIN, Oct. 3.—The Stresemann cabinet was still in session at one o'clock this (Wednesday) morning. A prolonged controversy was precipitated by the Socialist demand that Bavaria repeal her martial law decree.

Berlin, Oct. 2. (By the A. P.)—Chancellor Stresemann's efforts to construct a national parliamentary coalition, giving united approval for his proposed "economic dictatorship" have failed to win the undivided support of all the reichstag parties and up to a late hour tonight the political situation was in a state of extreme confusion.

At the end of a day devoted to party caucus and deliberations over the chancellor's "authorization bill," by virtue of which he would receive sweeping authority in dictating economic measures, the United Socialists informed him that while they were not altogether opposed to some of the cardinal features of his economic program, they were opposed to the existing state of emergency and would support the communist resolution demanding its immediate repeal.

Upon receipt of this ultimatum the chancellor immediately proceeded to President Ebert and apprised him of the Socialists' attitude which if put into execution would jeopardize his majority. After a long conference with the president the cabinet again went into session for the purpose of reaching a compromise if possible.

The parliamentary situation tonight is not unlike that obtaining when the Cuno government retired after the Socialists had informed Chancellor Cuno that they could not avoid supporting the communists' "no confidence" resolution. While the demand of the Socialists that the existing state of emergency be raised is viewed as a bold piece of party tactics and a high price for the radicals' further participation in the present coalition it also throws a fierce spotlight on the gravity of the crisis which it is assumed will have a decisive influence on the further trend of national politics in that it now will be demonstrated whether the dictatorial regime demanded by Stresemann is an indispensable prerequisite for the nation's economic salvation or can be put into operation without an active working majority in the reichstag.

Mrs. Ida Megginson was among the Woodson representatives in Jacksonville yesterday.

Statement Issued By Gov. Walton

(By the Associated Press)
Oklahoma City, Okla., Oct. 2.—Governor J. C. Walton issued the following statement at 9:30 o'clock.

"The fight on the invisible empire has just started in Oklahoma. I am still governor of the state."

At that hour the returns indicated that a majority of 250,000 votes had been cast in a special election today for a measure opening the way for the state legislature to consider impeachment charges against him.

Martial law status throughout the state will remain unchanged, the executive stated.

Troops which had been held in reserve during the day for any emergency were not used, he said and no disorders or requests for services of guardsmen were received.

STATE BANKS NOT JOINING THE FEDERAL

**Inability to do Branch
Banking Given
as Cause**

(By the Associated Press)
WASHINGTON, Oct. 2.—National banks in increasing numbers are withdrawing from the federal reserve system and obtaining state charters so as to engage in the branch banking business, Governor Crissinger of the federal reserve board testified today before the congressional committee inquiring into the reasons for the failure of state banks and trust companies to join the federal reserve system.

Unless congress authorizes national banks to engage in branch banking, Mr. Crissinger said the national and federal reserve banking systems will be further weakened by withdrawals. He proposed that such branch banking be continued to the cities within which the national banks are located, but Vice Governor Platt told the commission these banks should be authorized to establish branches throughout a state where state banks were permitted to do so.

Some Recommendations
Governor Crissinger also urged that national banks be allowed to do a general departmental banking business like that engaged in by trust companies and savings banks, but under a requirement that the savings accounts be segregated.

Mr. Platt recommended an amendment to the Clayton anti-trust act to permit not to exceed three banks to have interlocking directorates, asserting that the present law against such directorates was operating to the disadvantage of the federal reserve system.

MILITANT ACTION BY CHICAGO JUDGE

(By the Associated Press)
CHICAGO, Oct. 2.—When the signature on a bond was found to be forged, Judge Francis Borelli stepped down from the municipal bench several days ago, donned old clothes and started out to find the man who signed the fictitious name.

He came back today with his man after visiting half the dives of Chicago's underworld, and running down the non-existent David R. Lee, who signed the bond for release of George Holmes, charged with robbery with a gun.

With a three inch cut over his left eye caused by Judge Borelli's fist when he resisted arrest William Mayer was brought in as the alleged Lee. Mayer admitted receiving \$100 from John Foley and said he was promised another \$100 by Harry Morris, two men working a number of fake bond cases, according to Judge Borelli.

The report said that all members of the party were well. No other details were received here.

THURLOW G. ESSINGTON CHOSEN TO OPPOSE LEN SMALL

(By the Associated Press)
CHICAGO, Oct. 2.—State Senator Thurlow G. Essington, former mayor of Stentor, Ill., was selected today by the representatives of six avowed or potential republican candidates for governor to oppose Governor Small for the republican nomination.

The selection was made after more than a score of ballots had been taken by the twelve men sitting in the conference, two representing each of the anti-Small candidates.

The selection of Senator Essington came after an all day meeting of the representatives of the various candidates, and his was picked by a process of self-elimination. Representatives of the various candidates swinging gradually from their own first choice to him.

Those Present
Those present at the conference were former Lieutenant Governor John G. Oglesby, Elkhart, Senator Otis Glenn, Murphysboro; S. S. Tanner, Minier; Attorney General Edward Brundage; John H. Harrison, Danville; and Senator Essington. William Boyes and S. S. Jones of Streator, represented Mr. Essington at the conference.

United States Senators Medill McCormick and William B. McKinley sitting in the conference with Lawrence Y. Sherman, present national committeeman from Illinois, at the request of the twelve representatives, called attention to the necessity for the candidates to eliminate themselves by withdrawing in favor of someone of the group as the only method at arriving at a harmonious conclusion.

NEW PROPOSITION OFFERED COOLIDGE FOR FARMER HELP

**Plan is Presented by Farm
Bureau Federation**

(By the Associated Press)
WASHINGTON, Oct. 2.—President Coolidge, continuing his study of the agriculture situation thru conferences with farm organization representatives, received and took under consideration today a proposal that as a means of relieving the farmers of the country the war finance corporation accept settlements made by foreign buyers of American farm products.

The proposal was presented to the president by the executive committee of the American Farm Bureau Federation, which like the executive committee of the national grange, received yesterday by the president called by invitation of the executive.

How It Will Work
As laid before the president the plan contemplates no additional explanation of action by congress. It merely would have the war finance corporation take over settlement received by farmers' co-operative organizations for grain sold for export the corporation paying from its funds to the co-operative organizations the amounts involved.

Authority for such action is contained in the act creating the war finance corporation and the plan, in the opinion of the farm bureau federation, could be quickly put into effect.

Another proposal, similar to that made by the farm bureau federation, is under consideration by the president and has been the subject of conferences held by him with war finance corporation members in the last few days.

The Vote Viewed By W. D. McBee

(By the Associated Press)
Oklahoma City, Okla., Oct. 2.—"Such an overwhelming majority has repudiated Governor Walton's administration that it no longer can be representative of a small portion of the people," Representative W. D. McBee, of Stephens county, a leader in the impeachment movement against the executive declared in a statement to The Associated Press tonight.

"Governor Walton's despot methods and high handed system of handling affairs during the months he has been governor has become so disgusting to the people that they have risen up at the first opportunity at the polls and by a possible five to one majority have given him such a rebuke that an ordinary man would not recover in years," Representative McBee asserted.

JOHNSON GOES DOWN EAST TO GET BEARINGS

**Will Pay Respects to
White House
Wednesday**

(By the Associated Press)
WASHINGTON, Oct. 2.—Magnus Johnson, Farmer-Labor senator from Minnesota, came to Washington today to confer with President Coolidge and to familiarize himself with what are to be his future surroundings in Capitol Hill. He will visit the white house at noon tomorrow and will leave in mid-afternoon for Chicago where he is to speak Friday night.

Senator Johnson, accompanied by George D. Brewer of Minneapolis, a political adviser, slipped quietly into town just before noon coming from New York and Philadelphia. He spent a busy day locating his offices, talking to newspapermen and posing for pictures. Tonight he had supper with former representative John M. Baer of North Dakota and he planned to be at his office at 9 A. M. tomorrow to clear away some accumulated business before calling on the president.

Time is Short
Senator Johnson said the length of his visit at the white house probably would not permit him to go fully into the agricultural situation with the president.

He declared, however, that he would devote his time to the interests of the farmers while serving in Washington and that the Republican party would be put on record in the next congress on the proposition of relief for the agricultural industry.

"The Republicans promised three years ago that it was going to assist American agriculture in every way," he said. "They have fallen down on that promise."

Senator Johnson said he did not believe it would do much good now to call an extra session of congress to enact legislation to relieve the present situation.

RESIDENTS OF SO. BEND FILE SUITS

(By the Associated Press)
INDIANAPOLIS, Ind., Oct. 2.—Charging that members of the Ku Klux Klan are conspiring to become a super-government that will supplant the constitution of the United States and are endeavoring to take over the administration of justice in the United States, are contained in a suit against the Klan filed in the federal court here today on behalf of six residents of South Bend, Ind. The suit asks that the membership lists of the Indiana Klan organization be seized and that A. B. Anderson, judge of the federal court, grant a preliminary injunction later to be made permanent, restraining the defendants from representing the plaintiffs to be members of the Klan.

Rev. Arthur S. Chapman, of the new district superintendent of M. E. churches, made a business trip to Springfield Tuesday.

TURMOIL BREAKS IN INDIANA OVER CHIEF'S FINANCES

**Meeting of Republican State Committee to
Consider Financial Affairs of Governor of
State Causing Much Bitterness—Result
of Chief's Financial Collapse is Feared**

(By the Associated Press)
INDIANAPOLIS, Ind., Oct. 2.—Republican politics in Indiana were thrown into a turmoil today as a result of charges and countercharges concerning the Republican state central committee meeting here Monday to consider Governor Warren T. McCray's financial affairs. A declaration by John Moorman, Knox, Indiana, political adviser to Governor McCray that yesterday's meeting was ordered by President Coolidge at the instigation of former Governor James P. Goodrich was followed by a subsequent denial by Mr. Goodrich. Mr. Goodrich in turn asserted that charges by prominent men that Mr. McCray had been guilty of actions involving the most serious consequences alone led to the meeting. Both men issued statements, Mr. Moorman declaring that the "hub of the whole effort to remove Governor McCray from office is the fear of Republican leaders that they will be held responsible for the depression in the value of farms and farm products and they are alarmed over the effects that may follow in the wake of such a notable example as the collapse of the governor's fortune.

Mr. Goodrich termed Mr. Moorman's statement as being "absolutely false," he denied discussing Mr. McCray's affairs with President Coolidge and charged Mr. Moorman and the governor in their public statements with "trying to throw dust in the eyes of the people of this state and create the impression that the meeting of the committee was simply an effort on the part of certain machine politicians to obtain control of the committee."

Denials Entered
Mr. Moorman also charged that postmaster General Harry S. New came to Indiana at the direct request of President Coolidge to look into affairs. The postmaster general who was in Mr. Goodrich's office at the time the former governor was preparing his statement also entered a denial.

"Mr. Moorman's statement is utterly reckless and absolutely devoid of truth," he said. "So far as I am personally concerned, I came at the direct invitation of the state committee and no one else. I do not know that the president even knew that there was to be a meeting of the committee. He has never discussed the matter with me in any way, except in the mention of the rumors with which the eastern papers have been filled for the last ten days to express his deep sympathy with Governor McCray."

Fault His Own
Mr. Moorman also asserted that "the plan unquestionably is to attribute Governor McCray's failure to his own vicious and unlawful acts rather than to economic depression." In other words, Governor McCray was to be removed from office, to be branded as a criminal if possible, in order to show to the whole country that he was not a victim of agricultural depression which might be traceable to the administration in power at Washington."

Referring to the investigation of the governor's financial transactions which is to be undertaken by the Marion county grand jury Friday, Mr. Moorman said McCray "is waiting whatever action any court may take, courageously and unafraid."

Charges have been made by men thoroughly familiar with his affairs and highly responsible in every way that the governor had been guilty of actions involving the most serious consequences," Mr. Goodrich declared in a signed statement to The Associated Press. "When these matters come to the ears of the state committee responsible as they were to the party, Mr. Walb conceived it to be his duty as chairman of the state committee to call the committee and lay the entire situation before them for such action as they might deem proper."

Work Accomplished
"I spent nearly three months in trying to untangle the Governor's affairs and finally raised \$350,000 to save him and some of his associates from the most serious personal consequences as the result of his own acts and I deeply resent the effort of Mr. Moorman or the governor or anyone else to reflect upon the motives and good faith of the men responsible for the conduct of the affairs of the party in this state."

Mr. Goodrich also expressed it as being his opinion that the state committee and the newspapers and the public generally have been more generous with Governor McCray in dealing with this entire situation.

BIG DIRIGIBLE EN ROUTE HOME FROM ST. LOUIS

**First Overland Trip
of Naval Airship
Successful**

(By the Associated Press)
CLEVELAND, O., Oct. 3.—The ZR-1 flying about 4,000 feet high passed east about a mile south of Cleveland at 12:15 o'clock this (Wednesday) morning.

CHICAGO, Oct. 2.—The ZR-1, giant navy dirigible, floated eastward thru the darkness tonight on the last leg of its round trip from Lakehurst, N. J., to St. Louis. Leaving Chicago just as darkness was falling the big ship turned westward across the tip of Lake Michigan after nearly two hours of maneuvering over the city and in a few minutes was lost from view in the gathering dusk.

The blimp on its homeward journey altered its plans after losing two hours in strong head winds and headed for Lakehurst direct from Chicago.

Rear Admiral W. A. Moffett, who boarded the ZR-1 at St. Louis, sent a radio message that arrival at Lakehurst might be expected about 6 o'clock tomorrow morning.

The ship will pass over Cleveland and Toledo according to revised plans but will not pass over Detroit.

According to Admiral Moffett's message, an attempt will be made to pay Detroit a visit in the day time at some future date.

CHICAGO TO GET NEXT CONVENTION

CHICAGO, Oct. 2.—Fred W. Upham, treasurer of the Republican National committee, the Chicago Tribune announced tonight, has procured enough votes to make certain the holding of the next Republican national convention in Chicago. The canvass by the treasurer revealed that Chicago will be favored when the committee meets at Washington in December to issue the call for the convention, the newspaper said.

SWINE GROWERS MEET
Peoria, Ill., Oct. 2.—Three hundred delegates representing a majority of the states, attended the annual banquet of the National Swine Growers' association here tonight.

When it comes to preventing
an election after the courts have
held it legally called—well that's
something that even an Oklahoma
governor cannot prevent.

"Where the West begins" de-
pends entirely on where you start
from. To some Americans it be-
gins on the sunset side of the
Rockies, and to others, just across
the Hudson river or the Berk-
shires.

For the first eight months of
the year, according to the Depart-
ment of Commerce, the automo-
bile factories turned out 2,431,000
passenger and 258,774 commer-
cial cars. The peak of production
was in May with 350,000 passenger
and 43,000 commercial cars.
These cars were sold almost as
fast as turned out.

**HOW TO MAKE
GOOD TIMES.**

The recipe for prosperity in
this country is very simple. It is
hinted at by Roger Babson in a
recent lecture to debtors. It is
"Pay Your Bills."

"That goes" for everybody.
Business has slowed down some-
what in the last few months,
from various causes. As usual,
people begin to slow down in
meeting their obligations—not

because they could not pay, but
because they wanted to hang
onto their money. It is a natural
thing to do, but unwise. The
psychology of it is bad and the
practical results are bad.
As Mr. Babson points out, "the
little bills must be paid before the
big ones can be paid." If con-
sumers pay the retailers, then the
retailers can pay the wholesalers
and the wholesalers can pay the
jobbers and the jobbers can
pay the manufacturers and the
manufacturers can pay the work-
men and bankers and producers
of raw materials. Then the cir-
cle is complete, and the money is
ready to flow around the cir-
culatory system again, like blood thru
the body.

The best blood in the world
does the possessor no good unless
it is kept moving. Neither does
the best money. There is plenty
of money in this country. The
faster it circulates, the more
prosperity there is, and paying
bills promptly is the heart action
that maintains the circulation.

**THE INDIAN
CONVENTION.**

The last four days of Septem-
ber witnessed a convention, held
in Chicago which was different
from most others and which
might well interest the whole
nation. It was the American In-
dian convention. The opening day
was given over to meetings, ad-
dresses, a reception and a ban-
quet. The other three days were
marked by outdoor celebrations
in the forest preserve. There rep-
resentative members of five dif-
ferent tribes presented the primi-
tive life and customs of tepee
and council fire. The friendship
dance, symbolic, ceremonial and
war dances of various tribes were
demonstrated. There were canoe
and foot races, all carried out in
a traditional manner and made
more realistic by true Indian cos-
tumes.

The group which welcomed the
Indian delegates to Chicago was
widely representative, being made
up from the membership of lead-
ing civic organizations such as the
Association of Commerce, the His-
torical Society, the Chicago Wo-
man's Club, the Association of
Arts and Industries, the Drama
League, the Civic Music Associa-
tion, the Opera in Our Language
Foundation and the Better Pic-
tures League. Boy Scouts, the
Society of American Indians and
the Indian Rights Association al-

so shared in the activities of the
co-operative committee. Occa-
sion was taken to call public at-
tention to the very fine Indian
collections and art works located
in the city.
It is not always realized that
the American Indian, although a
vanishing race, has contributed
his share to the country's art and
folk lore. Today interest in the
Indian is spreading as representa-
tives of the race learn to make
their problems and needs articu-
late.

HOTELS ABOUT 1885

(BY ENSLEY MOORE)
Member Illinois Historical Society

Most people fail to note the
changes in things constantly oc-
curring, even of things they are
familiar with.
They will say things do not
change much here.
But don't they?
The Dunlap House was opened
up in 1858.

It ran along without much
change until about 1860, when
Capt. Alexander Smith bought it,
and renewed its furnishings and
decorations, and reopened it,
Sept. 22, 1860. A temporary
lease held it till 1883, after which
Capt. Smith ran it for years.

He also became owner of the
Mansion House, and changed its
name to Park Hotel, that Novem-
ber of 1883.
Anton Rataichak built a new
hotel, at the corner of State and
East streets that year, and
opened it as the Rataichak Hotel
—now known as the Pacific.
The next largest house at that
time was the Southern, on the
north side of College Avenue, be-
tween Sandy and West streets.
It was kept by Elijah Cobb, long
well known here.

The Metropolitan, at the Junc-
tion, was kept by Mrs. E.
Sweeney, having been established
about 1871. It had a good cus-
tom, having entertained four
thousand guests in one year.

The NorthEastern House was
kept by Mrs. J. F. Dew, at the
corner of East and Court streets
—northeast corner. It was op-
ened in 1878, and registered three
thousand names in 1884.

The Transit House was kept
by Mrs. Mary E. Paul, at North

Main and Washington streets, es-
tablished in 1882.

The Morgan House, on North
Main street, was kept by Mrs. M.
Guthrie, established 1877.

North Main street seemed to
abound in hotels.

The Central House at 231,
that street, was kept by Mrs. D.
Moss and it was opened up in
1877.

The European Restaurant and
Boarding House was opened up
by Mrs. Philip Braun, in October,
1884.

Then there was Hilligass'
Restaurant and Boarding House,
north side East State street, be-
tween the Square and East street.
It was kept by Capt. B. F. Hilli-
gass.

Capt. Hilligass was a home boy
who went out in the 101st Illinois
Infantry, in Capt. Lightfoot's
company, and came back as Cap-
tain.

He was one of the youngest of
our home boys to get two bars on
his shoulders.

The 101st regiment went out
in the Fall of 1862, Charles H.
Fox being Colonel.

Capt. J. B. Le Sage, of Mere-
dith, brought the depleted or-
ganization back, "then Johnnie
came marching home again."

This may not all be hotel talk,
but it shows who some of the ho-
tel men were.

Captain Alex. Smith was one of
those who went out in the 7th
Illinois Infantry, Col. John Cook
commanding.

Major Edward McLaughlin was
one of the lessees of the Dunlap
House, before Capt. Smith took it.

Edward Goldstein, owner of the
Emporium, has made it his con-
sistent effort to bring his store up
to city standards in every re-
spect, in selection, quality and
price. He has had to be govern-
ed somewhat, of course, by the
absorption of his merchandise by
the community, and the constant
and pleasing growth of the Em-
porium's business has made it
possible this season to realize his
ambitious to a great extent—now
carrying an enormous stock of
ladies' coats, dresses, evening
gowns, millinery, etc., second to
none.

The stock of the Emporium is
always fresh and up-to-date, no-
thing carried over from season to
season, and this condition is made
easy by reason of purchasing
only one or two of a number.

William McKnight, 8 years
old, who was injured about two
weeks ago while playing football
near his home in Carrollton, and
who was brought to Our Savior's
for treatment last Sunday, re-
turned to his home in Carrollton
Tuesday much improved.

Henry Sommers returned to
his home in Bluffs yesterday.

The regular monthly meeting
of the staff of the hospital was
held yesterday at the hospital
with a full attendance of mem-
bers. A luncheon was served at
noon, after which the regular
business session was held. This
was the second meeting of the
year, the first having been held
in September.

MORGAN COUNTY COURT**

In the county court before
Judge Samuel Tuesday, Jesse
Morrow of Strawn's Crossing en-
tered a plea of guilty to a liquor
charge and a fine of \$1.00 was
imposed with capias profile to
issue. The payment of the fine is
thus withheld until it appears
that Morrow is not sincere in his
statement that he now intends to
observe the law.

On a charge of transporting
liquor Charles DeFries, who en-
tered a plea of guilty, was fined
\$100 and costs.

PLE HARVEST ON IN GREENE COUNTY

Orchards in Greene and Calhoun Counties Make Excellent Returns to Their Owners

White Hall, Oct. 2.—The apple harvest in Greene and Calhoun counties, now in progress, is something along the line of significance at this time. The subject was at one time taken up in the Rockbridge schools under the principalship of Fred S. Pewter, and Mr. Pewter found it to be a valuable subject for his classes in physical and commercial geography. His later exchange of opinions made the following observations for the files of the local office of the weather bureau:

"In this, the southeastern part of Greene county, apple growing seems to be only a small side line with our farmers, and the

acreage is very limited. In this immediate section, Rockbridge, the Tendick orchard, on the western border of the village, is probably the largest, the plot containing probably ten acres. The crop is usually purchased by a Greenfield buyer, Ben Kincaid, and shipment is made from that point. I do not remember of any shipment of apples being made from Rockbridge since my coming here. It seems to me that the average farm orchards are becoming fewer each year in this section. I recall several old orchard plots in which the trees have lived their time, have decayed, and have been removed, and have not been replanted with young trees. It seems that the trees are short lived, but I believe that this side is due to the fact that the average farmer with a small orchard either lacks the time to properly care for the trees or neglects to do so. The plots become sod-bound, the soil probably sour, and the branches and roots infested with

insects. I observe that the farmers who properly spray and prune their trees have more success with apples growing than those who neglect to do so. Having very little knowledge of soils, I am not in position to judge whether the soil in this part of the county is adapted to apple growing, but I do believe that with more interest taken in the industry and with proper care and culture, more progress would be made."

There is nothing grown in the northern part of Greene county that shows better returns than do apples. Most of the growers in the development of an orchard plant corn in connection. For the first five years the trees take up about one-eighth of the corn crop, and for the next five years the trees will take up about one-fourth of the corn.

The variety of apples is a great big question that the planter must know about in getting returns. The Ben Davis apple is not popular here, although its variety is largely represented in the apple district of northern Greene county. The Ben Davis will probably produce nothing in ten years, and might not produce to any extent under 15 years. This is no regarded as a good Ben Davis country.

The Wealthy, a fall apple, will bear in four years, and get very industrious by the time they are eight and ten years old. The Grimes Golden does not possess the longevity to make it profitable, but it is the most popular eating apple produced here. The Delicious is not so well adapted to this climate as it is to the west.

The Jonathans are far better than the Ben Davis as a commercial product in every sense and respect, bearing earlier and selling better. It is the favorite winter apple. It begins business in about eight years and attends to business pretty closely from then on. This is a Jonathan country.

The Duchess, a summer apple, in habit and bearing are like the Wealthy, but bear earlier. The Duchess and Wealthy are both adapted to this country. The Transparent is another promising summer apple.

The York Imperial is a good winter apple and heavy bearer. The Willow Twig is an early and heavy grower, a late winter variety. The experience of our pioneer apple growers enables the new grower to get rich while our pioneers were getting ready. Another experience of our pioneers was that the trees were planted too closely. Forty trees to the acre is recommended to give plenty of territory.

The market value of the product varies so much that the financial aspect of such an investment could be only speculative, but it is the most promising of anything for these soils. Apples are generally profitable. Orchards well cared for never fail to make reasonable remuneration, and the better the care the bigger the profits. There is no crop more certain. At an early date our prairie land was a swamp, and with the advent of tilling and drainage it was made a grain-producing soil, too fertile to produce apples because of the tendency to make wood rather than fruit buds. The vegetable kingdom, like the animal kingdom, does not seek to reproduce itself until matured.

Some of the growers plant peaches during the development period of an apple orchard on the theory that one crop of peaches would make the venture pay. The peach is a very uncertain crop, but experience shows the Salloway to be harder than the Alberta, and will better withstand our winters.

AT WESTMINSTER TONIGHT
A service preparatory to the communion next Sunday will be held tonight at Westminster church. Prof. Andrew Rule, of Illinois college will speak, and the young people's choir will furnish music.

BUTLER WRIGHT TO MEET LLOYD GEORGE

(By the Associated Press)
WASHINGTON, Oct. 2.—The state department today designated Butler Wright, third assistant secretary of state to meet former Premier David Lloyd George on his arrival at New York Friday on the liner Mauretania.
Mr. Wright will represent President Coolidge and in addition Secretary Davis, a former countryman of Mr. Lloyd George will be present.
The itinerary of the former prime minister calls for a month

of travel in North America which will take him over a large portion of the United States and Canada. Frequent public meetings which he will attend on both sides of the international border will be in many cases, under the auspices of Welsh societies and associations. Two days are to be spent in Washington but on account of the period of mourning for the late President Harding no formal government functions will take place.

TEN KILLED, MANY INJURED IN FIRE

SOFIA, Oct. 2. (By the A. P.)—Ten persons are known to have been killed and more than one hundred injured in a fire which yesterday swept the city of Vratza, 40 miles northeast of Sofia, destroying the largest and most important section of the town.

The fire originated in an explosion of chemicals said to have been left behind by the communists when they were recently put to flight by the government forces. The explosion raised the army club and two banks. A Paris dispatch today said the Bulgarian legation had been notified that 200 buildings were destroyed at Vratza, among them a branch of the National Bank of Bulgaria and also the Farmer's Bank.

Communication from The American Legion

Editor Jacksonville Journal:
The Local American Legion Post No. 279 hereby wishes to extend its thanks to the City Administration, Chamber of Commerce, Business Men, Police Force, Jacksonville Division Illinois Power & Light Co., and all others who assisted the Post during the Fall Festival held on the Public Square last week.

In was thru the interest of the above mentioned and the majority of the public in general, that we were able to conduct such a successful enterprise and to increase our "Permanent Home Fund" very substantially.
In the American Legion, the majority are of the moderate class financially and we are endeavoring to build our own home. Several years ago we asked for a Memorial Building to call "Our Home," but the proposition was "Vetoed at the Polls."

As we do not and have not received any free will donations to our Post for the purpose of building a home, even by those in general who objected to last week's Carnival and who could very ably make donations, we must of necessity obtain this money thru business activities.

In bringing the S. W. Brundage Shows to this city we investigated their attractions before signing a contract to bring them here, and we believe that they carried strictly legitimate attractions and concessions and that their people are made up of reputable and honest people.

We are for the "Good of Jacksonville" and although we recognize it as a city of religion and education, its population is in a large majority of the moderate class financially. These people also enjoy amusement and entertainment and although they can not afford to take travels to Florida, etc., they must have enjoyed last week's Carnival or we would not have had as large an attendance and patronage as we did. Majority rule, and their attendance and patronage are prima facie evidence.

We note that Mr. Story in his communication Sunday morning states that if any one can see any good derived from last week's enterprise, he will mark him 100% imaginary. The Fall Festival furnished a week of wholesome amusement and relaxation for several thousand people; if this in itself is not sufficient excuse for the celebration, by what line of reasoning could one justify the annual chautauqua and similar activities?

We asked the city administration and business men of Jacksonville for "one week," and as there are fifty-one weeks left in the year, we believe that the temporary inconvenience has materially harmed no one. Furthermore it is rather hard for the classes to entirely dictate the amusements for the masses. We are reminded of the song which was sung during 1918, "They're All Out of Step But Jim."

The American Legion is a national organization of millions of red-blooded Americans of all classes and walks of life, who are banded together for only one purpose—to make America a better place for Americans. The record of the American Legion needs no apology or extenuation. We are ready now, as always, to put our shoulders to the wheel and boost for any worth while project for community advancement.

Incidentally, at the time of the Spanish American War, when Mr. Story was at the age of our present Legionnaires, and unincumbered by family ties, we have it on good authority that there were no callouses on his shoulders from carrying an army rifle.

We would prefer cooperation from Mr. Story and others whose views on amusement differ from ours, rather than untimely and ill-advised criticism thru the medium of the public press. The American Legion always invites constructive criticism, and takes pleasure in inviting Mr. Story and other interested parties to our next regular meeting on October 16th, when the subject of our coming activities will be taken up.

We again thank all who assisted us during last week and assure the public that we have now, as always, the best interests of Jacksonville at heart.

By order of
THE AMERICAN LEGION.
Charles Kahl, Post Commander,
Jacksonville Post No. 279.

THOUSANDS EXPECTED AT HOMECOMING GAME

URBANA, Ill. (By the A. P.)—Between 65,000 and 70,000 spectators are expected to see the homecoming game between Chicago and Illinois in the University of Illinois Stadium November 3, according to Frank H. Beach, who is in charge of ticket sales. The stadium proper will hold only 55,525 people, but plans have already been made for temporary bleachers at the north and south ends of the field.

More than 15,000 tickets for the homecoming game have already been disposed of, Beach says. The tickets for this game are most in demand. The Wisconsin game seems to be the next greatest point of attraction, 5,000 people having applied for tickets.

FAMILY REUNITED AFTER MANY YEARS

HERRIN, Ill. (By the A. P.)—After numerous ineffectual attempts to obtain some word as to their fate, Henry Markus of this city has been reunited with his family after a separation of 10 years.

Markus left Russia alone to come to this country to enter business. Shortly afterwards, arrangements were made to bring his wife, two daughters and a son here. Preparations for their departure virtually concluded when some difficulty arose with the Russian government over certain papers. While efforts were being made to straighten out these

matters, the World war broke out, making it impossible for them to leave.

Then other trouble in the old country intervened and Markus lost all trace of his family. After spending much money in vain attempts to ascertain their fate, the family was located thru the efforts of a bank in St. Louis, Markus immediately had them come over here.

James O. Priest

MANY PAID HONOR TO JAMES O. PRIEST

Large Company Assembled For Funeral of Well Known Attorney Held Tuesday Morning.

A very large company assembled at Central Christian church Tuesday morning for the funeral services held in memory of the late James O. Priest, for so many years a member of the Morgan county bar.

The services were conducted by Rev. Ivan W. Agee, of Monmouth, Ill., a former resident of this county and long a friend of the deceased. The minister made eloquent reference to the useful life of Mr. Priest and the high ideals which had been his through the years of his life.

Rev. Mr. Agee read for the scripture lesson the 90th Psalm. In his sermon he referred often to the deep personal friendship which existed between himself and Mr. Priest. As young men they taught school in adjoining districts in Scott county, and during the after years they continued the friendship formed in that association.

Mr. Priest requested Rev. Agee to preach his funeral sermon. This request was made some time last summer, after Mr. Priest had found that his life was short on this earth. Rev. Agee referred to the fact that he was fulfilling a promise made to a faithful friend.

The Morgan county court house was closed from 9:30 to 12 o'clock as a mark of respect to Mr. Priest and members of the Morgan County Bar Association assembled at the court house and then proceeded to the church. Deputies in the court house offices, justices of the peace and constables along with others who had

professional and business relationships with Mr. Priest were in the assemblage which gathered to pay honor to his memory. The services throughout were made especially impressive.

The many beautiful floral tributes were in charge of Mrs. George Morton, Mrs. Earl Rogers, Miss Margaret Priest, Miss Mary Elizabeth Roark, Miss Dorothea Cannon and Mrs. Helen Goveia. The bearers were H. J. Rodgers, L. E. Turner, George Smith, Louis Kelly, G. L. Riggs and C. O. Bayha.

The remains were taken to Diamond Grove cemetery and placed in the receiving vault, awaiting the completion of the Priest crypt in the new mausoleum. This crypt will be finished in about two weeks.

FRESHMEN WIN CLASS BATTLE WITH SOPHS

Annual Class Scrap Took Place Last Night in Front of Peacock Inn—Police Guard Doors and Stop Fight.

One of the liveliest and most decisive class fights in the history of Illinois college took place in front of the Peacock Inn last night about 7:30 o'clock when freshmen successfully kept sophomores away from the annual class banquet. The fight lasted fully twenty minutes and was ended only by shots from police pistols and an order that the scrap come to a finish immediately.

No one was seriously hurt, tho several sophomores suffered minor cuts and bruises. When the fight ended the street was strewn with ties, shirts and other torn and dislodged garments, which had been torn off in the struggle. The fight was witnessed by an audience of several hundred people, many of them college girls. Not more than three or four sophomores succeeded in gaining entrance to the Peacock Inn after the fight started.

The only unpleasant feature of the scrap was enacted when sophomore members of the football squad, who had been admitted by the freshmen without being molested, wanted to join in the fight, as they saw it going against their classmates. It was the understanding from the start that those who had been allowed to enter the inn could not rush out and attack the freshmen from the rear. Capt. Elliott, who was stationed at the door rigidly enforced this rule. No football man was allowed to leave the Peacock.

Freshmen guarded the entrance to the inn for more than two hours, awaiting the arrival of the sophomores. Girls of the class were allowed to enter without being molested, the numbers of freshman girls were on the job and enthusiastically cheered their comrades in the fight. Dozens of freshman boys went without their supper and stayed on guard.

The president of the sophomore class was kidnapped by freshmen early yesterday afternoon and taken by auto about 16 miles southwest of the city. The fight in which the president was taken occurred at the southwest corner of the square and was a lively one. Later in the afternoon several sophomores attacked freshmen guarding the entrance to the Peacock and another fight took place.

Practically the entire night police force was on duty at the fight last night, and fair play was strictly enforced. Sophomores made several rushes at the door, but being outnumbered were flung back into the street by freshmen. Those who succeeded in reaching the door were jerked back. Police made the rule that the door was to be kept clear and that the plate glass windows were to be protected. Finally, freshmen eased up and called the sophomores to take a chance at the door. They came up bravely but succeeded but little better than before. When police at last ordered the fight stopped, friendly relations were resumed, and several who had been fighting each other a moment before shook hands and called it square.

VETERANS HOLD ANNUAL REUNION

Members of 117th Illinois Greatly Enjoyed Gathering at Collinsville.

The St. Louis Globe-Democrat in a recent issue gave a story of the recent reunion of members of the 117th Illinois infantry which was held at Collinsville. L. G. Green of this city, a member of the company, was one of those in attendance and was one of the veterans seated in the group picture that accompanied the Globe-Democrat article. The newspaper story reads as follows:

"The twenty-fourth annual reunion of the members of the One Hundred and Seventeenth Illinois Infantry was held at the Methodist church at Collinsville yesterday. Seventeen actual members attended. Three visiting members brought the total of old soldiers at the reunion to 20. M. J. Robinson of St. Louis, president; Theodore L. Reuter of Nashville, Ill., vice president, and B. R. Hieronymus of Springfield, Ill., secretary and treasurer, were unanimously re-elected as officials of the organization for the ensuing year.

"The program was featured by musical numbers, recitations and addresses. A. C. Gauen, mayor of Collinsville; M. L. Welch, City Attorney of Collinsville; Judge H. B. Eaton of Edwardsville and John M. Hampton of Donnellson, Ill., were among the principal speakers.

Several of the old soldiers recalled incidents that happened during civil war days. "A report read by Secretary Hieronymus showed that seventy-nine of the original enlisted force of the One Hundred and Seventeenth were still living. Since the last reunion eleven of the old veterans have died.

"During the civil war the regiment engaged in six battles and thirty-three skirmishes and traveled a total of 9276 miles, 2307 of these on foot. C. C. Buckley, 87, of Edwardsville was the oldest living member to attend yesterday's meeting, while Dr. Charles R. Oatman, 77, of Collinsville was the youngest. The average age of the veterans was 82 years.

"The Matron's Society of the Methodist church entertained the delegates with a luncheon in the basement of the church.

Veterans in attendance at the reunion were: William Reidelberger, 82, O'Fallon, Ill.; James Purdie 81, Red Bud, Ill.; C. H. Kraftt, 80, Collinsville, Ill.; B. R. Hieronymus, 82, Springfield, Ill.; Dr. Charles R. Oatman, 77, Collinsville, Ill.; Christian Smith, 80, St. Louis; J. H. B. Willoughby, 79, Collinsville, Ill.; A. P. FUNERALS

Fredlander.

Funeral services in memory of the late Mrs. Louis Fredlander were held Tuesday afternoon at the residence northwest of Jacksonville. The simple and impressive services were in charge of Rev. W. H. Marbach, pastor of State Street Presbyterian church. The minister offered prayer and a hymn was sung by Mrs. Carl E. Robinson, with Miss Ruth Bradley as accompanist.

Suitable passages of Scripture were read and then Mr. Marbach gave some obituary facts. As a basis for a few appropriate remarks, the minister took a verse from the writings of an old prophet. "At evening time there shall be light." He said that this was especially appropriate because Mrs. Fredlander had lived eighty-eight years and in the evening time of her life there was light.

He said that to some people death seems to bring nothing but darkness, but to those who live righteously there is given prophetic vision and they see thru the gloom to the light beyond. Then Mr. Marbach emphasized the thought that there is light not only for the one who passes but also for those who are left behind, as they realize the meaning of the words, "At evening time there shall be light."

Mrs. Fredlander, he said, was a woman of faith who was willing to trust God fully and so when the end came the everlasting arms were about her.

Mrs. Robinson sang again and then the cortege moved to Diamond Grove cemetery. Mrs. Fredlander was laid to rest in a grave banked with flowers, after Mr. Marbach had spoken the words of the committal service.

The flowers were in charge of Miss Elizabeth Dunavan, Mrs. C. H. Ames, Mrs. Minnie Kitter, Miss Carrie Jataichak and Mrs. Mable Dunavan.

The bearers were Messrs. F. B. Henderson, of Springfield, C. A. Rowe, E. E. McPhail, C. H. Ames, Charles Rataichak and J. W. Walton.

LITCHFIELD LAD INJURED IN SCRAP

Otis Newport of Litchfield, a member of the freshman class of Illinois college, was injured last night during the class scrap with the sophomores. Newport was thrown to the side walk in one of the rushes and struck his head a severe blow on the concrete. For a time the injury was thought to be serious.

The lad was placed in a car and taken to the college dormitory, where a physician attended him. At final reports last night, he was not considered in serious condition, and the physician assured college authorities that he would be practically recovered by morning.

STRAWN'S CROSSING CLUB MET TUESDAY

An interesting session of the Strawn's Crossing Country club was held Tuesday afternoon at the home of Mrs. Roy Newberry. Arnold and Mrs. William Murray; alternates, Mrs. Frank Hunter and Mrs. William Cleary.

The program of the afternoon included an interesting account of the golden west, given by Mrs. Hunter. There was an excellent paper by Mrs. Charles Bealmer on "Our Railroad Systems," and the subject of Mrs. Edgar Boston's interesting paper was "Science of the Month." Roll call was responded to with payment of dues. The guests of the afternoon were Mrs. Sarah Johnson, Mrs. Thelma Ator, Mrs. Emma Nicholson, Misses Pearl and Marie Allison and others. During the social hour which followed the program the hostesses served dainty refreshments.

EXCELLENT WORK DONE BY SALVATION ARMY

Advisory Board Report Shows
Activities Along Many Lines

Something of the amount of worthwhile work accomplished by the Jacksonville post of the Salvation Army during the past year can be realized by the reading of the following report issued by the advisory board.

During the past year, among other things, they have made 871 visits to families and persons needing assistance. They have furnished provisions, bedding and clothing. They have nursed the sick and cleaned and renovated homes where the occupants were unable to do so. They have furnished 623 meals to the homeless and have found employment for men and women. They have supplied to the needy, 652 articles of clothing, including shoes. They conduct Sunday school and Young Peoples Legion, with an attendance of about 2,802 young people, who receive moral, musical and physical training. They visit the prisoners in the jail regularly in effort to redeem them, and find them jobs when discharged. They hold meetings at the jail. They have aided and cared for unfortunate girls when all others have deserted them, and when necessary, have taken them into the Salvation Army Rescue Home in Chicago, and helped them to start life anew.

These officers reach a class of people that is reached by no other agency. They salvage and rehabilitate the human derelict, extend a helping hand to the fellow who is down and out, and give sympathy and encouragement to the faltering. It is a most worthy organization. Its directory is composed of the business men of Jacksonville.

The community gets one hundred per cent returns for every dollar thus spent. The organization has spent all of its funds. It has not a dollar, in fact, it

Everybody should give something; just burn a few less gallons of gasoline, spend less for useless pleasures and turn it into this fund. It will be the best investment of the year. Do your part in carrying on this work—which none others will do.

The county needs this organization. It cannot carry on without funds. The amount asked is small, comparatively. Those blessed with health and reasonable prosperity, should not forget the unfortunate. When the giver, on a bad night, sits in a comfortable home, it will be an additional comfort to him to know that he has done something to make life brighter for others.

T. B. WORKERS HELD CONFERENCE HERE

Secretary of State Association
Met with League Representatives Tuesday

Mr. Becker, secretary of the State Tuberculosis association, called a meeting in Jacksonville yesterday for the representatives of the different counties, which are to take part in the tuberculosis campaign. The prospects for the campaign this year are indeed excellent and promise great success.

Mr. Becker distributed material which he had brought, on the tuberculosis problem, and outlined plans for the coming campaign. Representatives from the different counties told of the work which they had done, and all gave reports of excellent work, particularly good reports being received from Scott and Cass county representatives.

Rev. M. L. Pontius, who is an officer in the league of Jacksonville, was very sorry to be out of town attending a church conference at the time of this important meeting, but there was a large number of the Jacksonville representatives of the Tuberculosis League present, with representatives of other counties.

Mr. Becker left last evening for East St. Louis where he will call a conference of the Tuberculosis League in that city. It is Mr. Becker's intention to hold a series of such conferences throughout the state and if the results of these conferences promise as much as does the one he held in Jacksonville it can well be said that Mr. Becker is doing a very excellent work.

WAS A GOOD

JUDGE OF LIQUOR
"Since a young man I had a liking for liquor and was considered a pretty good judge of it at one time, but constant drinking gave me stomach trouble which became chronic. My stomach would have been a valuable addition to a gas factory. Doctors did not seem to relieve me. One day my druggist got me to try Mayr's Wonderful Remedy, and I am now as good as new." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—(adv.)

LEAGUE CAMPAIGN MOVES SATISFACTORILY

Subscriptions Indicate Interest of
the Public—Watson Case
Shows Good Work Being Done

The results of the Social Service League, as have been checked up at the present time, indicate a decided increase over the amount which had been obtained at this time in the campaign of last year. If all goes as well as it has started it is thought that the necessary \$3,000 will be raised before the week is up.

The way the people in general respond to the call of the league is very encouraging and it is expected that it will continue so. The object of the Social Service League is to help people to help themselves and for this reason the league is very discriminate in its giving. Material help is given, of course, but only in cases of immediate emergency and those cases are closely followed in order not to permit the emergency to become chronic. The real purpose is to do constructive work that will make future assistance unnecessary.

A case in point is that of George Watson. It is the invariable policy of the Social Service League to keep sacred the confidence of those who ask for assistance, but George is a good friend of the league and is glad to help boost it. His story is one to be proud of, a story of triumph over almost insupportable obstacles.

As told in the city papers, recently, he lost both legs and an arm while working as a railroad section hand. With the small settlement which he received, he bought a little place on the edge of Jacksonville. He was apparently doomed to live as a hopeless cripple, until the Social Service League, working with the McCabe M. E. church and the State Board for Vocational Training came to his aid.

A few days ago a visitor went to see him. He showed with pride his house, his fancy chickens, his horse, buggy and light wagon. The visitor asked, "Does this all belong to you?" The reply came, "Yes, Miss, all you see here is mine, all bought and paid for." He fairly radiates happiness; his beaming face shows that he is finding life worth while because he is busy and independent.

It is to help in jobs like that, that the Social Service League is asking the community for three thousand dollars. The league does not ask for this money simply to give temporary relief. It asks for it in order that temporary relief work may become more and more unnecessary.

WHITE SOX PLANS FOR COMING YEAR

CHICAGO. (By NEA Service)—The opportunity to get a cut in the world series money by finishing either second or third, is the cause of a great many clubs failing to try out promising players in the fall. Just so long as a club figures it has a chance to finish inside the money, the young players who report get little more than a chance to warm the bench.

The Chicago White Sox are the first club to start to make plans for 1924. The failure of the Sox to show a big disappointment to Owner Comiskey and Manager Gleason, feeling that 1923 holds no further possibilities, the Sox management has decided to try out all the available material possible this fall. Every day finds one or more recruits reporting to the Sox and immediately upon showing promise they will get a chance to go into action.

So far the two recruits tried out by Manager Gleason have done very well. Gillenwater, in his first start, against the Boston Red Sox, scored a 3 to 0 shut-out, allowing only four hits. Crouse, a catcher who just arrived, has been into the game to give Ray Schalk a rest. The brilliant Schalk has reached the stage in his baseball career where he has just so many more good games left in his system, and there seems to be no good reason why they should be wasted in contests that mean nothing to the Sox.

Crouse has the actions of Schalk, and according to the veteran players on the Chicago club, has a fine chance to make good. He is an expert mechanically, has a wonderful arm and looks like a fair hitter.

ETHELYNDA WINS FUTURITY FEATURE

LEXINGTON, Ky., Oct. 2.—Ethelynda won the three year division of the Kentucky Futurity, feature of the Grand Circuit program here today. Hollywood Leonard was second and the Senator third. The Senator in the second and Ethelynda in the third heat trotted in 2:03½, equalling the record for the event.

Mrs. C. Y. Rimbeay was in the city from Roodhouse yesterday.

Yankees Win Pennant Third Consecutive Year

New York, Oct. 2 (AP)—The New York Yankees, youngest club in the American League, pennant winners this year for the third consecutive time, broke an end to the first major league baseball war when they entered the circuit in the winter of 1902. Their place in the league was made by the forfeiture of the Baltimore Orioles franchise.

Frank J. Farrell, whose finances an enterprise established the American League team in New York, built the first Yankee home in Washington Heights. He placed Clark Griffith, who had achieved success as a manager in Chicago, in charge of an all-star organization selected to represent New York in the junior circuit. A peace agreement was signed between the American and National Leagues shortly afterward.

Players whose names are now set down in baseball's corridor of fame wore the first Yankee uniforms. They included Jack Chesbro, Harry Howell, Jesse Tannehill, Jack O'Connor, John Gangel, Jimmy Williams, Herman Long, Wild Conroy, Willis Keeler, Dave Fultz and Lefty Davis. Within a year Jack Powell, Al Orth, Tom Hughes, Jim McGuire, Kid Elberfeld and Pat Dougherty were added.

Fifth pitched their club until late in the season of 1908 when he resigned in favor of Elberfeld. George Stallings took charge in 1909 and held on until late in 1910 when Hal Chase became manager. Chase was succeeded in 1912 by Harry Wolverton, then came France Chance, who led until September 1914 when he resigned after failing to make a pennant contender of the club. Roger Peckinpaugh finished the 1914 season, the last of the Farrell regime. In 1915 Colonel Jacob Ruppert and T. L. Huston purchased the club, paying something around half a million dollars for the franchise, players and other property.

Until this time the Yankees had been "in an outers." Ruppert and Huston immediately began building up with new players. Bill Donovan was employed as manager. His club in three seasons could do no better than fourth, however, and Miller Huggins was placed in charge. Huston and Ruppert continued

their generous outlay of money for stars. Babe Ruth, who had won fame as a pitcher and hitter with the Boston Red Sox, came to New York.

With Babe came luck. In 1921 the Yankees won their first pennant. Ruth set a new all-time record for home runs with 59 that year. The Yankees started the world's series impressively but cracked and the Giants won the championship after eight contests. In 1922 the Yankees again won their race but failed to take a game from the Giants in the world's series. They tied one game and lost four.

After their lease on the grounds in Washington Heights expired in 1913 the Yankees shared the use of the Polo Grounds with the Giants for nine years, but after their unusually successful seasons of 1921 and 1922 the Yankee owners decided to build their own park. The Yankee Stadium, greatest baseball plant in the world, was opened to the public this year.

After some negotiation Colonel Huston, half owner of the Yankees sold his interest early this year to Colonel Ruppert for about \$1,500,000, netting a gross profit of more than \$1,000,000 in eight years.

In 1915 the first season under the Ruppert-Huston ownership the Yankees' attendance was 256,000. Since the war the attendance has averaged annually more than 1,000,000.

In the twenty-one years of American League baseball in New York the Yankees have finished as follows:

1903—Fourth.
1904—Second.

CHICAGO, Oct. 2.—Detroit bunched hits today and made it two straight from Chicago 7 to 5. The visitors scored five times on Ted Lyons, who started his first game for Chicago, and counted another run on Castner. Dauus was hit freely but managed to tighten up in the pinches. A double steal by Cobb and Veach in which the former scored, and the batting and base running of Archdeacon, the Chicago recruit outfielder, were features.

"I HAVE yet to find a Standard Oil service station attendant who fails to reflect the ideals of service set forth in Standard Oil Company (Indiana) advertising."

Such was the comment of an observant man who had been expressing his opinion of service in industry.

It is but a composite of the general feeling among patrons of the Standard Oil Company (Indiana).

The spirit of service is highly developed in every employe of the Standard Oil Company (Indiana), whether he wears overalls or occupies a place on the directorate.

Every man and woman of the 27,000 employes making up the personnel of this Company is obsessed with but one ambition—to do his or her part in making the Company greater in size and in service.

Such a condition cannot prevail under the lash. If it is to endure the desire to serve must be inherent in the individual.

It is a natural development that follows fair dealing, camaraderie, pleasant working conditions, just treatment, skillful management—in short, intensive organization modernized to the last degree.

That the employe in overalls should reflect the Company's ideals of service is the result of highly intensified organization.

It is eloquent of the spirit prevailing throughout the organization—of the complete understanding of purpose, between the executives and those who are on the firing line making the last turn in the great cycle of Standard Oil service.

Where complete understanding exists there are no obstacles too difficult to overcome.

Complete understanding between the management and the employe has made the Standard Oil Company (Indiana) big in size and big in service.

Complete understanding between the Company and the thirty million people of the Middle West has caused the list of shareholders in the Standard Oil Company (Indiana) to increase in four years' time from 4,600 to 42,706—not one of whom owns as much as 6% of the total.

NEW YORK, Oct. 2.—Specu-
 lative uncertainty over the business
 outlook for the next few months
 was again reflected in the nar-
 row and irregular fluctuations of
 prices in today's quiet stock
 market. There was however, a
 virtual subsistence of recent sell-
 ing pressure which gave the mar-
 ket a slightly better tone but fail-
 ed to lift it from the narrow trad-
 ing area in which it had been
 floundering for the last few
 weeks.

Reports were circulated by the
 financial tickers that brokers' loans
 now approximated \$1,375,000,
 a decrease of \$25,000,000 in the
 last ten days and about
 \$625,000,000 below the high
 mark of February.

Overnight news developments
 seemingly had little effect on the
 economic situation and were dis-
 regarded as market factors.

United States and Bethlehem
 Steels, Baldwin and American Can
 generally regarded as pivotal
 stocks all fluctuated within an
 area of one point and closed at
 about fractional gains.

Rails showed more consistent
 action than the industrials,
 with special attention being paid
 to the big dividend paying sys-
 tems.

 thence to 4 1/2 where it closed.

**SHARP ADVANCE
 MADE BY WHEAT**

CHICAGO, Oct. 2.—During a
 general rush to the buying side
 the wheat market today made a
 sharp advance in prices but heavy
 profit-taking sales later brought
 about reaction. Reports that gov-
 ernment measures to provide farm
 relief were being considered was
 the chief basis for this new up-
 turn in values. Wheat closed un-
 settled, at a shade to 3c net gain.

Corn finished 1/2 to 2 1/2c up, oats
 unchanged to 1/2c, and provisions
 at a rise varying from 1/4c to
 25 cents.

On the rise of prices in the
 wheat market, but had things
 their own way until the December
 delivery had climbed more than
 seven cents a bushel from the re-
 cent low point for that month. Al-
 though profit-taking sales had been
 in progress from the outset to-
 day, the offerings were well ab-
 sorbed for a considerable time
 and it was only in the last half of
 the day that setback became pro-
 nounced. Aside from expectation
 of government help another thing
 which gave strength to the mar-
 ket was the fact that receipts at
 domestic primary terminals were
 small northwestern arrivals being

Both individually and collectively the soul of White Hall is manifest. Note the following paragraph from Attorney H. P. Lowenstein of Kansas City: 'I note that the new library, donated to White Hall by Mr. Seth N. Griswold, will be completed early in November. It is indeed fortunate that the people of White Hall have such a generous soul within its boundary. I note that the new high school will probably be dedicated November 4th by Mr. Moynihan. He is certainly worthy of the fine reputation he bears, both as to character and ability, and White Hall is doubtless proud of him. I had the pleasure of a half-hour visit with him when I was in White Hall a few months ago. He had a half-hour interview in St. Louis with the president by special appointment, which certainly placed him in a very exalted position. We are all proud of him.'

WHITE HALL CLUB DOING GREAT WORK

Good Fellows Association is Planning its Activities for Coming Months—Past Year Was Busy One

White Hall, Oct. 2.—White Hall has a soul, and never has the soul of White Hall been revealed so outstandingly as thru the activities of the White Hall Association of Good Fellows. The good thing about the matter is that this organization is alive and virile, and its activities are to be continued. The annual election is scheduled for Thursday evening in Odd Fellows hall, in connection with which an informal luncheon will be served, and then will follow its second year of works of humanity, standing as it does for the relief of suffering and for everything in the moral uplift of the community. "But we have just gotten started," the call says; "let us push on to greater things."

The past year was marked by a Christmas observance on a scale never before attained, although the municipal tree idea had not been new to White Hall. Then followed the May Day festival, something new in this section of the state, and it brought out an immense gathering and was conducive of exalted happiness. Then it was announced that the Fellows would father a Fourth of July observance. What this observance attained could be revealed if the public had access to the comments that have continually been coming in since the day Greene county took a new and higher place in the Revolutionary War history of the nation. These comments come from many states, representing public officials, patriotic and historical organizations, librarians, and prominent people in the various walks of life. Only yesterday came the following deferred comment from Evangelist J. M. Beadles, of Los Angeles: "You will pardon me for being so slow to acknowledge receipt of program of dedication of graves of Revolutionary soldiers, together with pamphlet containing biographical sketches of Greene county's Revolutionary veterans. White Hall and the nation owe you a debt of gratitude for the unselfish, painstaking care bestowed by you in gathering the material which made possible so worthy a celebration. I can easily appreciate the joy that crowned the culmination of your long patriotic task when you witnessed the celebration on the 4th of July. The popular impulse to honor the heroes of subsequent holy wars tends to exclude proper recognition of the lofty patriotism of the heroes of the republic, but having tenderly deposited flowers of gratitude on their sacred graves I'd journey back thru the dust of the silent
